

The Plot Thinkens

Decision Practice for Professionals

What is it?

The Plot Thinkens is a decision practice experience that combines real-world experience, imagination, and quick thinking.

Turn mundane training sessions into engaging, transformational learning experiences that sharpen your team's cognitive skills!

How it works

One player takes up the 'Hot Seat,' making quick decisions and plans in the face of emergent scenarios – which other players design on-the-fly!

Expert GameMasters lead, and a mix of pros and newbies take up the Hot Seat or scenario creator roles.

Two decks drive the action. Information cards prompt dynamic scenarios, while Questions cards help the GameMaster present cognitive challenges.

There are no right answers. Just lots of dilemmas to face and uncertainty to manage!
